For those unfortunate souls who have stumbled upon this edition or chosen the wrong option and are very concerned about this strange collection of the Starving Artist formerly known as Emil, it should be realized that this is the fifth, final volume of a semi-scientific work in which Emil uses his dubiously legal HFM (Harmonic Frequency Modulator) Device to investigate the contemporary claims of the remnants of great thinkers of this broken world, such as Randall Carlson and Professor Robert Schoch, who suggest that plasmoids (plasma of the thermosphere of the upper atmosphere) exhibit signs of achieved consciousness, the ability to displace a sense of purpose with deliberate movements, and even a sense of community (but no signs of any

attempt to unionize, though – which seemed to be a deep concern to the state media, CNNister, talking Head in that interview).

The first four volumes are now available on WWWG Productions Ltd. Press and are being sold through our dear friends at the Lone Palm Ferry Casino Emporium – 10% off when you mention this post.

This volume is a separate one, as it arrived too late to be included, as the package was held up at customs due to unusual packaging.

The photos were wrapped in a plastic bag that had a faint smell of stale sardines, and then wrapped in several used plastic bags from FamilyMart, decorated with a series of cute "Hello Kitty" stickers that seemed to hold the seams of the bags in place.

The package also came postage due.
As an old man once told me, to understand what's going on, it would be worth buying the program (the four-volume "Into the Real World of Plasmoids").
Let me leave this introduction here so that you might have the desire to order this four-volume set.

Nuff Said!
